DELAYS CITY AUDIT

LOU DENNY OBJECTS TO CHOICE OF ACCOUNTANT.

ROSEBERRY WAS CHOICE

Former Water Plant Manager Withdraws Upon Opposition by Refracting Head-Invoice Property.

The audit and examination of the books of the municipal water plant from last January to the time of Louis A. Denny's retirement as superintendent Tuesday, is being delayed, owing to objections made by Denny to the auditor the board of public works appointed yesterday. Following the special meeting of the city board Monday night, it arranged in an adjourned session the following morning to appoint an accountant to look over the water plant books.

G. B. Roseberry, who managed the water plant before the city took it over two years ago, was delegated by R. L. McDougal of the board yesterday to perform that service. When Denny heard who was appointed, he at once entered an objection, according to Roseberry, on the grounds that it would be unpleasant for him to go over the books with Roseberry.

Roseberry then withdrew, and the selection of an accountant to take the place vacated by Roseberry was still unfilled today, according to S. G. Gilliam, secretary of the board of public works. The board felt, it is said, that as Roseberry was well acquainted with the management of the plant, and therefore would know of the workings of the system, he could more easily examine the books of that municipal plant and detect errors, if there should be any. Denny was book-keeper for the water company while Roseberry managed it.

An inventory of the water plant and its equipment, however, was begun today by Denny and J. H. Martin, his successor. It is expected to be completed this afternoon. Every part of the equipment and supplies is being inspected and a full report of what the city has on hand now in that department probably will be submitted to the board of public works at a regular meeting to be held in the city hall beginning at 8 o'clock tonight.

A monthly report for Denny for November also is expected to be submitted to the board at its session tonight. Other than these two reports, Secretary Gilliam said only routine business probably will be considered.

Upon the completion of the inventory of the water plant and auditing the books Denny will be released from his \$2,000 bond, it is said, providing all is satisfactory. Mr. Martin expects to give the same amount of bond this week for securing any funds he may handle for the city as superintendent of the water plant and collector for city water service.

WILL NOT STOP SHIPMENTS

Lack of War Tax Stamps Will Not Delay Traffic, Advice Here.

The lack of sufficient war tax stamps here among shippers and railroad agencies need not necessarily delay the shipment of either freight or express consignments, according to advice received here today by the railroad officials from the federal internal revenue offices. It is stated that where there is insufficient stamps to place on each package as provided by law, the goods may go forward as always, if a record of such shipment is maintained by the railroads.

In this way the shipper can pay the railroad agent the amount required under the new law, the agent make a record of it, and later cancel the necessary amount of stamps, upon their arrival here. Many have become confused in this regard, and in cases have hesitated to forward shipments, it is said, pending the arrival of more war tax stamps.

The Burlington officials here said this afternoon they still had a small supply of stamps on hand but not enough to last much longer.

It is also reported that Maryville druggists and others who offer for sale cosmetics and such toilet preparations as require war tax stamps have instructed the clerks to refuse the sale of such goods until the arrival of stamps for them. Some are taking chances and making up the tax later when more stamps arrive and it is determined just how the tax is to be met and upon what goods it is placed.

END HIGH SCHOOL TOURNEY.

Pirates Finish First and Sluggers Second, Yesterday's Games Decide.

The high school basketball tournament ended yesterday afternoon with a game between the Sluggers and Athletics and the Ruffians and Dodgers. The defeat of the Athletics by a score of 16 to 8 by the Sluggers, and defeat of the Ruffians by the Dodgers 17 to 10 placed the Sluggers second in the contest. The Pirates had previously clinched first position.

The cellar position, which is tied between the Dodgers and Athletics, probably will be played out soon with an extra game. The close of the tournament will result in the first squad getting down at once to real work, since the season for the newly organized school conference will begin soon.

The final standing of the tournament teams:

Teams	Won	Lost	Per Cent
Pirates	9	3	.750
Sluggers	7	5	.583
Ruffians	6	6	.500
Athletics	4	8	.333
Dodgers	4	8	.333

AWARD 73 PRIZES

DECIDE PRIZES ON POULTRY EXHIBITS HERE TODAY.

CUPS TO LOCAL PEOPLE

Many Maryville Entries Draw Cash Premiums While Two Producers Get State Premiums.

The awarding of prizes on the 500 fowls exhibited at the fifteenth annual show of the Northwest Missouri Poultry association, being held here this week, is being made today. It probably will be finished late this afternoon, according to E. M. Quay of LaPorte, Ind., judge. Seventy-three of the awards had been announced early this afternoon. These included the exhibitions of Black Orpingtons, Buckeyes, Barred Rocks, White Rocks, Buff Wyandottes, Silver Laced Wyandottes, White Wyandottes, Light Brahmas, Rose Comb White Leghorns, White Langshans and Black Langshans and Fan Tailed pigeons.

The exhibits still to be judged and prizes awarded are on Buff and White Orpingtons, all Rhode Island Reds, Barred Rocks in pens, Buff Rocks and ducks and turkeys. The Rhode Island Reds are being examined this afternoon. As the exhibit of this variety of chicken is perhaps larger than for any other one species, it is expected to consume considerable time. There are five pens of the Rhode Island Reds of both single and rose combs.

The Maryville poultry fanciers have been particularly fortunate so far in the awarding of prizes. In fact, virtually all Nodaway county breeders of poultry who entered birds have won one or more premiums already, while many more are expected late this afternoon.

While the announcement of cup and medal winners will not be made until after all of the most than one hundred cash premiums have been decided, it is known now that two Maryville exhibitors have gotten state cups. Six cups and three medals are to be awarded.

Judge Joseph H. Saylor, who entered thirty-five Buff Wyandottes, will be awarded the Missouri state cup by the American Buff Wyandotte club for the best display of Buff Wyandottes. W. H. Crawford & Son will receive a silver cup for the second best display of this variety of fowl. They entered twenty-nine Buff Wyandottes.

The awarding of prizes is made only after a minute scrutiny of each fowl is made by Judge Quay. Each exterior part of the fowl is examined and each part counts for so many points on the score card. A perfect score, of course, would be 100 per cent, though any bird making 90 or more points is entitled to consideration in first prize awarding.

A bird must make at least 89 points to win second prize, and at least 88 points to entitle it to the yellow ribbon which denotes third prize.

The awards announced today by J. H. Saylor, secretary of the association, follows:

Black Orpingtons—O. P. Latimer, Shenandoah, Ia., first, second and third prize on pullets, first on a pen and first on hens.

Buckeyes—E. A. Tamlyn, Stanberry, first and second on pullets.

Barred Rocks—J. T. VanAusdale, Skidmore, third hen; M. C. Thompson, Maryville, second cockerel and third pullet; Cecil Smith, Maryville, first and second pullet and first, second and third cockerel.

White Rocks—O. A. Bennett, Maryville, second cock, first cockerel, first

hen, third pullet and first and second pen; D. C. Mohler, Bedford, Ia., third hen, second pullet and third pen; Eugene Yehle, Maryville, second cockerel and second hen.

Buff Wyandottes—W. H. Crawford & Son, Maryville, second cockerel, second and third hen, third pullet and second pen; J. H. Saylor, Maryville, first and third cockerel, first and second pullet, first hen, first cock and first pen.

White Wyandottes—Mrs. W. P. Nicholas, Burlington Junction, first and second cock, first, second and third hen and first pullet.

SELL 100 TICKETS

MANY FARMERS WILL ATTEND NORMAL FARM INSTITUTE.

GET MORE ON PROGRAM

Iowa Corn Expert and State Engineer F. W. Buffum May Appear at Next Week's Agricultural School.

The fifty Commercial club and Normal boosters who canvassed Polk township and a little more yesterday, in an effort to sell tickets to the Normal farm and home institute, which will begin next Tuesday, report the sale of about 100 tickets to farmers nearby. This was an average of about six tickets to each of the fourteen most parties, though one party sold sixteen and another fifteen during the day.

They reported that the farmers and their families are greatly interested in the course, and in all probability many more tickets will be sold within the next two days. Ernest Wray and A. A. Wiley are out making a canvass today, having been unable to go yesterday, while A. T. Oakerson is making an effort this afternoon to sell institute tickets at a sale near Skidmore.

Enlarge Institute Program.

An effort now is being made to secure P. G. Holden, formerly of the Iowa State Agricultural college at Ames, Ia., for a lecture during the five days institute. He is considered, the country over, a corn expert. A message was sent to Prof. Holden today by President Ira Richardson of the Normal and it is probable it will be definitely known by tomorrow whether he can come.

F. W. Buffum, state highway commissioner, of Jefferson City, has been asked to speak at the institute, while C. F. Adams of Chillicothe, president of the Interstate highway, which extends through Nodaway county and Maryville, has agreed to address the farmers during the institute.

In a telephone communication with Mr. Adams this afternoon by County Highway Engineer John Clary, Mr. Adams said he would be glad to come but that Mr. Buffum probably could not be present on account of his being engaged to speak at a farm congress in St. Joseph next Wednesday, the same day he was desired here. The dates may, however, be changed so as to enable Buffum to appear here also.

HIT CHANCE GAMES

PROSECUTOR WRIGHT SAYS GAMBLING DEVICES MUST GO.

OFFICERS AID FIGHT

County and City Authorities to Strike at Game Board Operation—Moth-ers and Business Men Complain.

The games of chance and gambling devices in the form of "punch cards" that apparently abide by all state and city laws, so prolific have they become in Maryville drug stores, barber shops, cigar shops and hotels this fall, must go, and that at once, so sayeth George Pat Wright, prosecuting attorney of Nodaway county. Sheriff Edwin Wallace and deputies, Chief of Police E. C. Moberly and assistants, and marshals, constables and other city officials throughout the county, have likewise taken up the fight. Prosecutor Wright has begun.

But before making any arrests of persons for operating such devices or persons taking chances on them, it is proposed first to give all due notice to cease such practices. If however, the games of chance are continued many days longer, Prosecutor Wright says he will institute proceedings against them by making arrests of operators first.

All Chance Games.

It has been mistakenly believed that chance games where something, be it ever so small, is offered for each chance, does not violate any of the state or city laws. But Mr. Wright opines differently. He declares that any device which makes the purchase a chance, whereby one person may get something of more value than another person at the same cost, is illegal and constitutes a gambling device.

Neither does the average operator or patron of these devices realize how severe is the penalty for such violations. The statutes of Missouri provide that such operation constitutes a felony and is punishable by from two to five years imprisonment in the state penitentiary or from six to twelve months in the county jail. Fines also may be imposed. Prosecutor Wright says, on these taking part in such games of chance.

Is Profitable Enterprise.

These "punch cards," where 5 and 10 cents is charged for each chance on a number, are unusually numerous in Maryville this fall, it is said. Several agencies over the country send representatives here regularly, it is said, to sell these games of chance at cigar shops, drug stores, hotels, barber shops and confectionary stores, and that a rich harvest is being garnered not only in this city but in smaller towns over the county as well.

Most of them offer premiums of knives, watches and other articles to persons getting certain numbers, and nothing to those getting other numbers. Some give something to every chance taker, but of little value, it is said, except in perhaps a half dozen numbers out of a hundred.

Mothers Complain.

In speaking of the fight on these gambling devices which was formally begun today, Prosecutor Wright said: "As usual, at this time of year, complaints of a more or less general nature are being made to this office of the operation throughout the county of all kinds of slot machines, devices involving elements of chance, raffles and chance sales of candy and other articles. These complaints come from city and village officials, mothers and legitimate business interests and are well founded, not only on principles of morality and general good, but on

statutory inhibition.

"It is a just complaint, constituting a violation of the plain mandate of the statute. The statute is clear and broad, covering every kind and character of device involving an element of chance and attended with a severe penalty. The efforts to avoid the operation of the statute by the 'You get something every time,' or 'There are no blanks,' and many other methods constitute no defense whatever.

Boys Best Patrons.

"I have directed the sheriff and his deputies throughout the county, as well as all town and city marshals to see that any and all such practices cease at once, and to inform this office of a continuation thereof by any one; and further, that evidence of the permission, by any one, of the operation of any device involving a game of chance in or about his place of business be reported to this office, either by such officers or any one interested in discontinuing the practice.

"This is a vicious practice clothed in the appearance of innocence and spoken of as an innocent pastime. It is generally indulged in by boys who can ill afford to spend their nickels in that way. Rumors have come to this office of boys, poorly clad, whose widowed mothers were in actual want squandering their needed dimes on these devices.

"But what is worse, is the formation of a vicious habit of idleness and a practice of seeking something for nothing to cling to them through life and perhaps to lead them to a life of gambling. It must be stopped, and I welcome any just complaint of its continued operation."

Who is the Most Foolish?

Women may do foolish things. At least the men say they do. But I never heard of a woman trying to unlock the front door at 2 a. m. with a fountain pen, like a Maryville man did the other night. Morning, I mean. Of course, women are kept from doing such things as that, for their "game

parties" don't last till they are so sleepy they cannot tell the difference between a Conklin self-filling and a door key.

Then there was the fellow who lost his shoes. A young married couple went to St. Joseph one evening last week to attend a dance. After the dance they took a train to the town where the old folks lived, expecting to spend Thanksgiving with them. The man was very tired. His feet were especially tired, so he took off his shoes. When they arrived at the town he reached under the seat for his shoes. He couldn't just exactly remember, but he was sure he put them under the seat. No shoes could be found. In the windup he had to borrow a pair of the brakeman. The young married man wore 6½, and the brakeman 10s. Later the shoes were found in his wife's suit case, but the

man is still apologizing to his father for that suspicious lapse of memory.

Will Give Lyceum Reading.

Mrs. Edward Van Bond, known on the lyceum circuit as Sarah Mildred Willmer, will give a reading of "The Sign of the Cross" at the First Christian church tonight, under the auspices of the Maryville Lyceum association. A graphic picture of the horrors of religious persecutions is promised in a portrayal of "The Sign of the Cross."

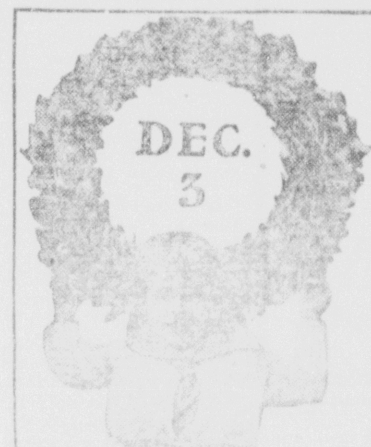

This will be the last lyceum number for this year, the next one being January 5, 1915, in the form of the Schuman quintet.

corn-cure, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poison. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest-selling corn cure in the world. Available in hard or soft corn, wart, callus or bunions. Tonight's the night.

TEUTONS RESUME THE OFFENSIVE

Germans Form New Front in Northern Poland.

CAPTURE 80,000 PRISONERS.

Russians Claim Even More Captures. British Take Over Command of Yser Region—More Fighting in Flanders. Germans Evacuate Several Villages.

WAR SUMMARY

Regarding the progress of the war, the French official statement reports a violent bombardment of Lempernisse to the west of Dixmude, an action to the northwest of the forest of La Gurie, and in Alsace the capture of the towns of Aspach-Le-Haut and Aspach-Le-Bas by the French troops. In the east, according to the announcement from Russian general headquarters, the Germans made a determined attack on the Russians' positions north of Lodz, which, however, met with repulse.

King George and President Poincare have visited the British lines, where they received an ovation from the troops.

London, Dec. 3.—In North Poland, the German army, which, with the aid of reinforcements, succeeded in escaping from the ring the Russians had forged around it, has formed a new front and at some points has resumed the offensive. The Germans assert that in this series of maneuvers, by which they were able to check the Russians, they made 80,000 prisoners. The Russians, on the other hand, say their captures greatly exceed this number. All agree that the losses have been very heavy and that the battle still is undecided, as it probably will be for some days.

For a moment, the allies are somewhat disappointed that the realization of a great Russian victory is denied them. They take some consolation in the fact that the German attempt to pierce the Russian lines has failed, and that, suffering from heavy losses, the Germans are compelled to weaken their armies elsewhere.

The Russian report says that the fighting has lost some of its violence and indicates some progress for the Russian troops south of Lodz. It is unofficially reported that the Russians are "nearly in Cracow."

While there is every indication that another big battle is imminent in the west, there is no evidence that it actually has begun. There has been fighting in Flanders, but this doubtless is the result of an attempt by the allies to take some advance positions. There are also reports that the Germans have evacuated several villages on the Yser canal and are concentrating on new positions.

The British have taken over command of the Yser region, and, like the French, have been strongly reinforced. It is believed that on the first sign of a German movement to the east in any considerable force, the allies will take the offensive in the west.

NOT READY FOR PEACE

Ambassador White Discusses Situation With President Wilson.

Washington, Dec. 3.—Henry White, former ambassador to France, and who recently returned from Germany, discussed the European situation with President Wilson.

"Europe is not ready for peace yet," said Mr. White. "There is not the slightest chance at present of getting a hearing for suggestions of peace. That time will come later, and then it will be time for the United States to act."

Double Lynching at Shreveport.

Shreveport, La., Dec. 3.—Tobe Lewis and Monroe Darden, negroes, accused of murdering Charles M. Hicks, postmaster at Sylvestor, La., were lynched by a mob. Mack Knight, a negro, who confessed that he and Darden and Tobe and Watkins Lewis robbed and murdered the postmaster and burned his body, was released by the mob. Watkins Lewis was saved from the mob by the sheriff and lodged in jail.

Bush Urges Higher Rail Rates.

Jefferson City, Mo., Dec. 3.—Only higher freight and passenger rates can save most railroads of Missouri, Kansas, Iowa, Arkansas and Oklahoma from ultimate receiverships, according to B. F. Bush, president of the Missouri Pacific-Iron Mountain railway system, who appeared before the public service commission on behalf of the application of trunk lines for higher rates.

Warns Britons to Submit.

London, Dec. 3.—The possibility of a German invasion of England has been revived by the warning issued by the Earl of Warwick, lord lieutenant of Essex, who advises the people in such event not to take part in the fighting as civilians, as such action "would only result in reprisals, and possibly in a repetition of the horrors that have taken place in Belgium."

President Praises Funston and Men.

Washington, Dec. 3.—President Wilson wrote to Secretary Garrison, paying tribute to the "efficiency, courage and discretion" of General Funston and his forces during the American occupation of Vera Cruz.
